High Streamflow Advisory – Stream levels are rising or expected to rise rapidly and no major flooding is expected. Minor flooding in low-lying areas is possible. Anyone situated close to the streams affected is advised to be cautious of the rising levels.

Flood Watch – Stream levels are rising and will approach or may exceed bank full. Flooding of areas adjacent to these streams may occur. Anyone situated close to the river is advised to take appropriate precautionary measures.

Flood Warning – Rising stream levels will result in flooding of areas adjacent to the streams affected. Anyone situated close to the river should take appropriate measures to avoid flood damage.

Streamflow Advisory Overview for Alberta

Advisories apply to streams and their tributaries unless otherwise noted.

- Significant additional precipitation is forecast for the northern east slopes over the next 24 - 48 hours
- Conditions are being monitored - an update will be issued within the next 24 hours.
